

STUDENT LIBRARIANS

At present, a number of Student Librarians and volunteers make significant contributions to our library. Our volunteers include Sixth Form students, those completing their Duke of Edinburgh Award and others who generously give their time simply for the love of it.

Holmer Green Senior School is fortunate to have such a dedicated, knowledgeable and confident group of students focused on enhancing the library experience.

There is a wealth of tasks within the LRC, and our volunteers truly make a difference: reshelving, labelling, issuing and returning books, as well as assisting both students and staff with inquiries. We couldn't manage without their invaluable support!
