TYPE OF INSURANCE AND COVER: This product is intended to meet the demands and needs of individuals who require insurance protection for risks relating to travel. This is a travel insurance policy that, subject to the terms, conditions and exclusions contained in the policy wording, provides certain financial protection and medical assistance for your trip(s). Please note that this statement does not constitute advice or a personal recommendation about the suitability of the product to meet your personal needs.

On page 3 of this policy summary, we tell you firstly about the significant features, benefits and exclusions which relate to the whole policy. Then, under the "Policy Cover" headings, we have listed various sections of cover and shown the significant features, benefits, exclusions and limitations for each cover. Some sections only apply if you have chosen a certain level of cover, a particular type of policy, and/or have paid an additional premium for them. If you consult with the selling agent you will find the various cover levels and policy types which are available to you, and details of the cover sections which are standard and optional under each. The maximum benefit amounts which are payable under each cover section, and any excess you will have to pay towards the first part of any claim for certain cover sections (unless you have paid extra premium so that no excess is payable), are also shown. With the insurer's agreement, you can increase one or more benefit limits if you wish by paying additional premium. Full details of the cover you have chosen will be shown on the insurance schedule which will be sent to you with the policy wording.

PERIOD OF INSURANCE The policy lasts for either the duration of a single trip or, if you have chosen annual multi-trip cover, for a year. Your period of insurance will be shown on the insurance schedule.
