Year 10 Foundation Rotations

	Rotation 1: Skills 1	Rotation 2: Computing 1	Rotation 3: Oracy	Rotation 4: Skills 2	Rotation 5: Computing 2	Rotation 6: Skills 3
Year 10	Area of Study: ENGLISH- Spoken language endorsement.	Area of Study: Online Safety	Area of Study: To improve students' academic and economic prospects by improving their Oracy Skills.	Area of Study: MATHS- Purposeful practise of basic GCSE Skills. Numeracy and Algebra	Area of Study: IT and the world of work.	Area of Study: ENGLISH- Language skills development
	Content: Students to prepare and deliver a speech on a topic of their choice for their GCSE English Language. It is a compulsory element of the GCSE but the grading does not impact the final grade.	Content: Safety concerns and reflection of online activity. Online reputation. Big Data. Data Analytics. Legal rights to privacy within the UK. The value of online data. Disinformation spread online and fake news. UK laws governing online content.	Content: Presentation skills Debating skills Collaboration skills Practice Interviews	Content: Numeracy: Money problem solving, Place value and estimating, HCF and LCM, Calculating with Indices; Zero, negative and fractional indices; Standard form, and Surds. Algebra: Collecting like terms, Expanding and factorising, Forming and solving equations, Formulae, and Sequences.	Content: Traditional and modern team working. Technology tools. Effective online communication. Essential skills for the modern workplace. Cloud computing. Ad hoc networks. Impact of mental and physical well-being on individuals. Creating a positive working environment.	Content: Students will be using the skills acquired in English Literature teaching this year and applying them to unseen texts in preparation for GCSE English Language.
